

Grace Academy Solihull

Success. That's what Grace Academy Solihull is all about. Not just success in the near future, but in the long term; success as an adult.

We intend our students to become tomorrow's leaders and as part of achieving that staff here work hard to ensure our young people are happy, safe, confident and cared for. But we also know that excellent examination results are essential.

Being recognised again this year as one of the best in the country for improving examination results gives you a good indication of the type of academic support our students can expect but we also offer something

else quite unique; every Wednesday we timetable a lesson where students opt into an extra-curricular activity of their choice. This helps us ensure we are developing well rounded students ready for adult life.

So we'd love you to join us here at Grace Solihull and be part of an academy that is committed to excellence.

Roy Baylis
Principal, Grace Academy Solihull
